Dear Parents/Guardians/

Greetings!

Hope all of you are safe and healthy.

Happy, meaningful New Year 2026! May we learn from the good experiences and the mistakes of 2025 and enter the new year with a sense of expectation. In every setting we will enter, in every person we will meet, in every group we think of, there is more good than bad. It is up to me to strengthen the good, weaken the evil through good deeds, and get together with people of good will make God's plan for us come true.

## **Tips to improve Self-Study:**

- ✓ Encourage children to set aside regular, distraction-free time for self-study.
- ✓ Help them create a quiet study corner at home with necessary materials.
- ✓ Motivate them to take ownership of learning—reviewing lessons, practicing problems, and exploring beyond textbooks.
- ✓ Praise small achievements in self-study to build confidence and consistency.
- ✓ Guide them to use library resources, reference books, and educational apps productively.
- ✓ Monitor children's screen time and set healthy limits.
- ✓ Teach them that social media should be used for learning and positive connections, not endless scrolling.
- ✓ Encourage open conversations about online safety, privacy, and responsible sharing.
- ✓ Remind them that real friendships and family time are more valuable than virtual likes.

Self-study builds discipline, while responsible social media use builds awareness. Together, they shape confident, balanced learners ready for the future."

**Dear students,**

## **Tips to reduce exam stress**

1. Practice Meditation. Take good rest on the eve of your examination.
2. Stop studying at least 30 minutes before the examination.
3. See that you have taken all the things necessary for the examination.
4. Be calm and relaxed as you get answer sheets and question papers.
5. Give special attention to your handwriting.
6. Keep a logical flow of thoughts.
7. Attempt all the questions.
8. Go through your answer sheet before you hand it over.

9. Take care of your Physical health and mental health.
